Main Business: Export, Production and Sales of PET Blow-Molded Bottles
Product Categories: Juice Bottles, Food Bottles, Condiment Bottles, Honey Bottles, Cosmetic Bottles
Main Markets: Europe, America, Southeast Asia, the Middle East, and other regions worldwide

Company Overview: Hebei Najie Trading Co., Ltd. specializes in the production and export of PET blow-molded bottles. Founded in 2009, the company is committed to providing high-quality, environmentally friendly, and innovative packaging solutions to customers worldwide. Our main products include juice bottles, food bottles, condiment bottles, honey bottles, and cosmetic bottles, which are widely used in the food, beverage, cosmetics, and health care industries.

We have advanced production equipment and a strong R&D team, utilizing the latest PET blow-molding technology to ensure that each bottle features high transparency, strong pressure resistance, and is non-toxic and environmentally friendly. All products undergo rigorous quality testing and international certifications (such as ISO9001 and FDA) to ensure compliance with various market and industry standards.

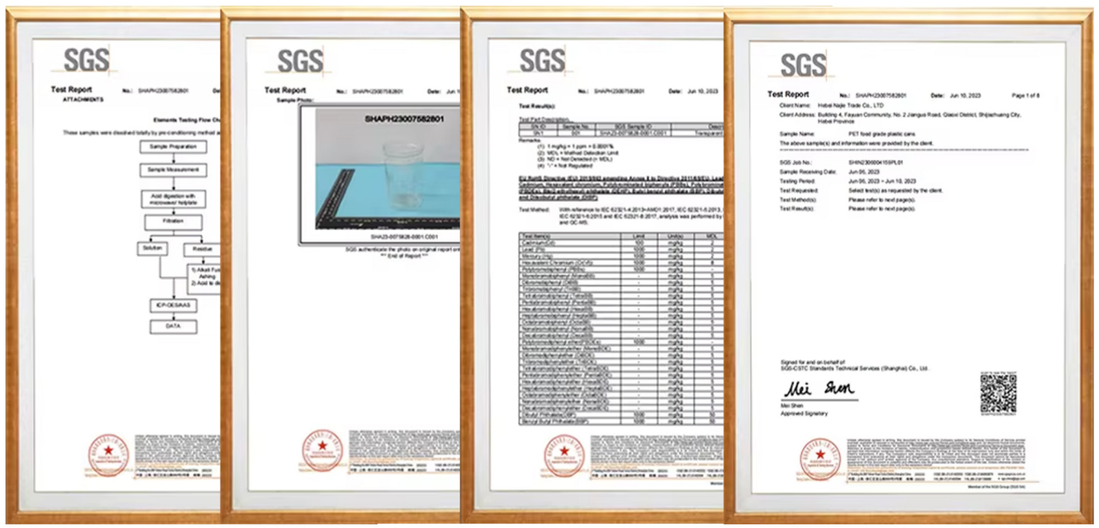

With 14 years of international export experience, we are able to accurately grasp customer needs and respond quickly. We offer customized services such as bottle design and printing based on customer needs. All products are made of PET, which is environmentally friendly and safe. We have a stable logistics partner to ensure timely and safe delivery of our products to our customers.

Our products have been successfully exported to numerous countries and regions, including Europe, America, Southeast Asia, and the Middle East, and we have established long-term partnerships with many well-known companies. Our clients include food and beverage companies, cosmetics brands, retailers, and businesses in other related industries.

Please contact us through Alibaba International Station or other channels to discuss cooperation. We look forward to working together with our global customers to create a better future.
